The Service Charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the Quantity Rates.

SPECIAL CONDITIONS

1. The boundaries of the three zones in which the above rates apply are as set forth in the Preliminary Statement and delineated on the Tariff Service Area Maps filed as a part of these tariff schedules.
2. Any residential customer who has been required to install a Residential Fire Sprinkler System (R.F.S.S.) at their place of residence by local fire ordinances will be allowed to have their monthly service charge reduced by one meter size, provided it has been requested by the customer and verified by the Company that the lower size of meter would be large enough to provide adequate service to the residence. The R.F.S.S. Service is not considered a fire service by the Company, but is considered an oversized general metered service and therefore, only the rules and conditions of service for general metered service apply.
3. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is based on a percentage of the gross revenues of each bill. The percentages are as follows: Ryan Ranch 2.05%, City of Pacific Grove 0.10%, City of Carmel-by-the-Sea 2.15%, City of Seaside 1.00%, City of Del Rey Oaks 0.11%, City of Sand City 0.14%, City of Monterey 1.05%, and unincorporated areas of Monterey County 1.00%.
4. Customers must apply with the Company for acceptance into the Program for Alternate Rates (PAR). Company will analyze applications based upon proof of acceptance into the California Alternate Rates for Energy Program of Pacific Gas and Electric.

5. All bills are subject to the reimbursement fee set forth in Schedule No. UF. (D)
6. The per capita design shall remain in effect and until ordered otherwise by the Commission. (D)
7. The Equivalent Consumption Unit (ECU) is determined by taking into consideration the following factors: a) the number of people in the household; b) the size of the lot in which the home is constructed; c) an allotment for large animals; and d) an adjustment for winter and summer months. The monthly ECU calculation is as follows: (D)
- a. Determine the base allotment using the table below.
  - b. Apply lot size adjustment for winter and summer months.
  - c. Divide the sum of (a) and (b) by 2 to arrive at the Equivalent Consumption Unit. (L)

PRIVATE FIRE PROTECTION SERVICE

APPLICABILITY

Applicable to all water service furnished for private fire protection systems.

TERRITORY

The incorporated cities of Monterey, Pacific Grove, Carmel-by-the-Sea, Del Rey Oaks, Sand City, a portion of Seaside and certain unincorporated areas in the County of Monterey.

RATES

	<u>Per Month</u>	
For each 4-inch connection and smaller .....	\$25.64	(I)
For each 6-inch connection.....	51.92	
For each 8-inch connection.....	82.10	
For each 10-inch connection.....	116.22	(I)

The rates for private fire service are based upon the size of the service and no additional charges will be made for fire hydrants, sprinklers, hose connections or standpipes connected to and supplied by such private fire service.

SPECIAL CONDITIONS

1. The fire protection service and connection shall be installed by the Utility or under the Utility's direction. Cost of the entire fire protection installation shall be paid for by the applicant. Such payment shall not be subject to refund.
2. The installation housing the detector type check valve and meter and appurtenances, thereto shall be in a location mutually agreeable to the applicant and the Utility. Normally such installation shall be located on the premises of applicant, adjacent to the property line. The expense of maintaining the fire protection facilities on the applicant's premises (including the vault, meter, detector type check valves, backflow device and appurtenances) shall be paid for by the applicant.
3. All facilities paid for by the applicant, excluding the connection at the main and any service pipe located in a public right-of-way, shall be the sole property of the applicant. The Utility and its duly authorized agents shall have the right to ingress to and egress from the premises for all purposes relating to said facilities.

SPECIAL CONDITIONS (continued):

4. The minimum diameter will be 1 inch, and maximum diameter will be the diameter of the main to which the service is connected.
  - a. The minimum diameter of connections for private fire hydrants will be six inches.
5. If distribution main of adequate size to serve a private fire protection system in addition to all other normal services does not exist in the street or alley adjacent to the premises to be served, then a main from the nearest existing main of adequate capacity shall be installed by the Utility, or under the Utility's direction, and the cost paid by the applicant. Such payment shall not be subject to refund.
6. Service, hereunder, is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction. All facilities are to be installed according to the Utility's specifications and maintained to the Utility's satisfaction. The Utility may require the installation of a backflow prevention device and a standard detector type meter approved by the Insurance Services Office for protection against theft, leakage or waste of water.
7. No structure shall be built over the fire protection service and the customer shall maintain and safeguard the area occupied by the service from traffic and other hazardous conditions. The customer will be responsible for any damage to the fire protection service facilities.
8. Subject to the approval of the Utility, any change in the location or construction of fire protection service as may be requested by public authority or the customer will be made by the Utility following payment to the Utility of the entire cost of such change.
9. Any unauthorized use of water other than fire protection purposes, charges shall be made therefore at the regular established rate for general metered service, and/or may be grounds for the Utility discontinuing the fire protection service without liability to the Utility.
10. Customers who use Cal-Am's system to provide for fire flow, but do not receive their domestic supply from Cal-Am, will pay a special Private Fire Service rate equal to either the higher of the standard rate for their size service or a rate equal to the sum of the standard monthly Service Charges that would be billed for all the properties served by the Private Fire Service if they did receive domestic service. All fire service to non-domestic customers will be considered private fire service. If a new public fire hydrant is required to be installed for a non-domestic customer and other customers will benefit, no fee will be charged.
11. All bills are subject to the reimbursement fee set forth on Schedule No. UF.

California-American Water Company  
Schedule No. MO - 8  
Monterey Division

**WATER CONSERVATION PLAN**

**APPLICABILITY**

This schedule applies to all water customers of the Monterey Division of the California-American Water Company served under rate schedules authorized by the Commission, except for customers supplied by water which draw on the Laguna Seca Water Basin. It is effective only in times of mandatory conservation or rationing as required by Rule No. 14.1, and only for the periods noted in the Special Conditions section below.

**TERRITORY**

The incorporated cities of Monterey, Pacific Grove, Carmel-by-the-Sea, Del Rey Oaks, Sand City, a portion of Seaside, and certain unincorporated areas in the County of Monterey, except for Hidden Hills, Ryan Ranch, Ambler Park Water Company and Bishop Water Company areas.

**OUTSIDE WATERING LIMITATIONS**

Use of water for outside plants, lawns, landscape, and turf areas will be allowed only on Saturdays, Sundays, Wednesdays, and Thursdays. In addition, use of water for outside plants, lawns, landscape, and turf areas will be allowed only on even-numbered days (even-numbered days, for this purpose, are the calendar dates, i.e., the second, fourth, etc.) for residences and commercial establishments with street numbers ending in an even number. Use will be allowed only on odd-numbered days (odd-numbered days, for this purpose, are the calendar dates, i.e., the first, third, etc.) for residences and commercial establishments with street numbers ending in an odd number. In those areas where houses and businesses do not have street numbers, houses and businesses located on the north and east side of streets will be considered to have odd numbers, and houses and businesses located on the south and west sides of the street will be considered to have even numbers.

The limitations on outside watering are in addition to the limitations pertaining to time-of-day watering as defined in Rule 14.1 under the customers' responsibilities.

**SPECIAL CONDITIONS**

1. This tariff shall remain in effect as long as Rule 14.1 is in effect for the Monterey Division.
2. Laundries, health-care facilities (except for significant landscaping), and commercial car washes that use 50% or more recycled water shall be exempt from mandatory conservation.
3. Golf courses using over 75% reclaimed water are exempt from mandatory conservation.
